The Official Call of the National Des The National Democratic Committee, to whom is delegated the power of fixing the time and place of holding the National Democratic convention of 1876, have appointed Tuesday, the twenty-seventh day of June next, noon, as the time, and selected St. Louis as the place of holding such conver-

Each State will be entitled to a represen-tation equal to double the number of its senators and representatives in the con-gress of the United States; and the territory of Colorado, whose admission in July as a State will give it a vote in the next electoral college, is also invited to send del-egates to the convention.

Democratic, Conservative and other citi zens of the United States, irrespective of part political associations, desiring to co-operate with the Democratic party in its present efforts and objects, are cordially invited to join in sending delegates to the mational convention. Co-operation is desired from all persons who would change an administration that has suffered the public credit to become and remain inferior to other and less favored nations; has permitted commerce to be taken away by for-size powers; has stiffed trade by unjust, unequal and pernicious legislation; has imposed unusual taxation and rendered it most burgensome; has changed growing prosperity into widespread suffering and want; has squandered the public moneys recklessly and defiantly, and shamelessly used the power that should have been swift to punish erime, to protect it.

For these and other reasons the national Democratic party deem the public danger immisent, and earnestly desirous of securing to our country the blessings of an economical, pure and free government, cordially invite the co-operation of their citizens in the effort to atten this

chiest.

RARNDOLPH county has elected a Cullom set of delegates to the Republican

Secretary National Democratic Com. WASHINGTON, February 22, 1878.

FREDRICK O. PRINCE, Massachusetts,

W. S. MORRIS, of Hardin county, is the Republican candidate for congress in the Ninetsenth district. His opponents are Townshend, Democrat, and Anderson, Independent.

THE Springfield correspondents of the Chicago Times and Tribune have settled it And David Davis nominated, the fact that Major George M. Harlow must be slaughtered. They have fixed it up that Scroggs must be secretary of State. And with a calm indifference as to consequences they have the thing fixed for the defeat of Ridgway and the nomination of Cullom. They have not yet named the Republican candidate for the presidency.

OLD DAN RICE is in trouble again The owners of the steamer Fleetwing obtained a judgment against him for \$2,500 for the use of their boat. To prevent a sacrifice of his property Dan agreed to turn over his show to the plaintiffs for a period of six months. If at the end of six months the profits of the show are not sufficient to pay off the debt, then the plaintiff may sell enough of the stock to cover the deficit. Dan is out of the management of a show.

THE delinquent tax list of Alexander county, upon which the BULLETIN force is now engaged, is the largest list ever returned by any collector in Southern Illinois. This is not so, be it understood, because of any want of dilligence on the part of the collector; but because hundreds of our tax-payers are absolutely unable to pay, and hundreds of others, appalled by the enormity of the tax, absolutely refuse to pay. The list embraces niseteen-twentieths of all and about one-third of the lands-there being altogether over 12,000 tracts and lots. The list will fill seven or eight pages of the BULLETIN, and its publication will cost between \$1,500 and \$2,000.

COL, WILLIAM J. SYRES Will be in whis purpose to appeal to the business and obacco growing regions of western Kenteky, west Tennessee and northern Alabans. The road built, she would idrawin immense trade from that section, and the trade ence secured, no other city could vreat it from her. We swait the secult of Col. Syins' visit with considerable antiety.

THE CAMPAIGN OF 1876

in times past the Democratic party has, in too many instances, hazarded success to advance the aspirations and promote the self-aggrandizement of one man. The party did this when it ran Seymour; it did it again when it ran Mc-Clellan, and it did it to some extent, in its support of the now lamented Greeley.

In the pending canvass we must suc. reed, or abandon the hope of success for all time in the future. The organization has shown extraordinary vitality; but it cannot outlive twenty years of continuuous defeat. Contemplating such a re-sult it is with considerable satisfaction we note the appointment of unpledged, unhampered delegates to the St. Louis convention. Men of ability, in the main, and pledged only to the promotion of the best interests of their party, they will be at liberty to act from a knowledge of the situation and of the temper of the people, after the Carcinnati convention has named its man. If they show themselves equal to the demands of the time, the party can go into the fight, inspired by an almost absolute certainty of coming out of it, victors.

It is already evident that the Republican party is determined not to be thrown upon the defensive, and, we are sorry to say, that the Ben Hills, Joneses and Tuckers of our party have already furnished them weapons with which they make a most vigorous assault. They (the Republicans) will force to an issue the question whether or not the control of the government shall pass into the hands of those who, only a few years ago, sought its destruction and overthrow. It remains to be seen whether or not the Democratic party will fall into this trap by nominating a man who was not a conspicuous Unionist, and in full sympathy with all the extreme measures that were adopted to effect the overthrow of the rebellion and to repair the mis-

chief it accomplished. It is for the purpose of avoiding the issue the Republicans intend present, that many of our most sagacious Democrats, living in various localities, have urged the name of Judge David Davis as the man upon the party might safely unite-It is believed that his great honesty of character, his great ability and life-long friendship for and fellowship with the lamented President Lincoln, would go far to defeat the success of the strategy to which the Republicans have resorted, and to inspire the belief that he would administer the government with great wisdom and forecast, and hasten forward the much wished for era of concord and good feeling among all the people of the States.

Judge Davis is not a candidate for president, and during his whole life he never sought an office. He has not done and will not do anything to secure the St. Louis nomination. If it comes to him it must come as the result of the deliberate conviction of the convention that it is the best thing for that body to do. Should it come in that shape, he will, no doubt, resign his seat upon the supreme bench, which he has so highly honored and accept it.

It is now well known that in all the delegations selected there is an element favorable to Judge Davis' nomination; but just how many there are in each delegation. it is impossible to say. After it becomes apparent that Allen, Hendricks, Tilden Bayard and other leading favorites cannot receive a two-thirds vote of the convention, the western, and northwestern states, Pennsylvania, North Carolina, Virginia, Georgia, Oregon, Texas and West Virginia will at once lead off in an effort to bring about his nomination. would insure the defeat of the Republicans in the October contest in Ohio and Indiana-and no one will deny that it has been by that "sign" the Republican party has conquered, ever since it came into power.

WHILE the Chicago Tribune is unscrupulous in its denunciations of Democratic men and measures; while, in its view of things, to be a Democrat is to be an une washed rebel or disloyal citizen, it cannot be denied that the paper is much given to the habit of designating Radical wrongdoing by the proper name, and of measuring out to the perpetrators of the wrong, a just complement of stinging rebuke and execration. It stigmatized, (and justly, no doubt,) the St. Louis Republican county convention, as "the thus thrown out of business again, and St. Louis whisky ring." Declares, and no doubt truly, that the ring elected anti-Bristow delegates to the Missouri State convention, and did so in resentment of Bristow's diligence in sending a number of revenue thieves to the penitentiary-the owner of the Globe-Democrat among the rest. Over the result of the convention the G.-D. rejoices, "Will the Republicans of St. Louis per. mit themselves," the Tribiae asks, "to be placed in such an attitude before the country?" The action of the convention is tantamount to the passing of a resolution of censure on Secretary Bristow the town and city lots of the county, the Republican party there afford to enfor prosecuting revenue thieves. Can dorse the St. Louis convention? Are they apologists for thieves?" The Tribune leaves the last interrogatory unanswered to draw out the BULLETIN. We answer: Yes, dead loads of 'em are!

We have stated in tormer articles that Cairo, soon, on his way to St. Louis. It Cairo might, and in our opinion would, control a large portion of the trade or the construction of the Caire and Tennessee river narrow guage railroad. It tion with Milan, Jackson and Bolivar, is aproject in which St. Louis ought to Tennessee, and with all the towns on the madiest a deep concern, as through no other means could her business men so surey and cheeply reach the great cotton

Mississippi Central road, including Holly Springs, Grenada and Jackson, Miss. We hope, in a few years, to have direct

part. The Intelligenser says: "Cairo is one of the termini of the proposed Cairo and Tennessee River railroad, and therefore we are interested in its growth, both commercially and as a place of manutacturing. This in a few years may be our principal shipping point, and therefore we may have to go to obtain many of the articles which we now get from pointan r.her Nor he'

THE territory of New Mexico, or rather the proposition to make a State of the territory, is attracting, just now, considerable discussion. It has been two hundred and fifty years since the territory became the home of the European, yet the entire population will not exceed eighty thous-and, and of these less than two thousand are Americans. It has rich mines of gold and silver to attract population, yet it contains a less number of white men than does the city of Cairo to-day. Union county produces more wheat than is grown in the entire territory which is larger in area than any three of the Northwestern State. It has no manufacturing establishments worthy of the same, and its population is listless, shiftless, ignorant and vagabendish. The idea, then, of erecting such a territory into a State is simply preposterous; and were it not for the blandishments of the territorial delegate now in congress, who is said to be both clever and ambicious the matter would have received no attention for twenty years to come.

THE reverend fanatic who orated over the confederate graves at Charlottesville, N. C., last week, indulged in a great deal of insensate raving. Among other things he said that God and the right would yet enable the South to show the justice and equity of the "lost cause." 'A new generation has sprung up, and the day is not very distant when the stars and bars will triumphantly float over the Sunny South with her divine institution of slavery re-established, and her enemies humiliated in the dust." These maniacal expressions would have been choice nuts for Northern Radicals to crack, but for a single circumstance. That circumstance was that the crowd of listening North Carolinians hissed the speaker, cried "put him down," and in every possible manner betrayed an earnest abhorrence of both the man and his entiments.

WE have examined our Republiban exchanges with some care, and in none of them have we seen the robbery of Miss Sweet denounced, or Blakely, Campbell et als, excoriated for their participation in the robbery. Senator Logan was informed of the robbery more than a year ago, and although he knew that one of the guilty parties was a sworn officer of the government, he neither exposed the villian or took any steps looking to his punishment, and dismissal from service. Of Senator Logan's most reprehensible course the Radical press has made no mention whatever. Yet nearly every Radical sheet in the country protests, with an absolute show of honesty, that the Republican party permits none of its criminals to escape punishment! Fudge:

Ir Jake Rehm is entitled to belief the Republican party has maintained its ascendency in Chicago by corrupting voters. Nearly all the leaders there were either actors in the disreputable business, or were cognizant of its extent and pur-

The Final Adjournment-Scheuck Se-tverly Bensured-John G. Thompson -The Cabinet Meeting-The Louisi-ana Investigation. WASHINGTON, May 19, 1876.

THE FINAL ADJOURNMENT. The resolution introduced to-day by Mr. Morrison, and referrred to the ways and means committee, proposing the final adjournment of congress on June 12, will probably be reported back favor-ably, the moment an understanding can ably, the moment an understanding can be arrived at regarding the course of the senate towards the house in the reductions made in the appropriation bills. For this purpose the diplomatic bills will at once be put into conference between the two houses. The senate, it is proposed, shall meet in the daytime on the Belknap impeachment, and hold evening sessions for business. If it is impossible to adjourn by June 12, a recess over the two political conventions to be held in June is probable.

SCHENCK SEVERELY CENSURED. The sub-committee on the subject aequits General Schenek of intentional fraud, but censures him severely for the impropriety of his whole connection with the Emma mine and his entire lack of perception of his office.

JOHN G. THOMPSON, sergeant at arms of the house, who looked after Thurman's interest at the recent Ohio Democratic convention, returned to the city this morning, and says that the delegation will vote for Thurman, after complimenting Allen on the first

THE CABINET MEETING.

The Cabinet was in sessions to-day for more than two hours. The note just received from Earl Derby, upon the Winslow extradition, case, was the subject of attention. The document was read to the members of the Cabinet by Secretary Fish, and at the conclusion of the reading a general conversation custod was risa, and at the conclusion of the reading a general conversation ensued upon the subject matter of the communication.

Secretary Fish will soon reply to Earl Derby, and while it is not learned what the exact nature of the response from this Government will be it can repeat below. the response from this Government will be, it can, nevertheless, be said, that the position already held will be adhered to. The tenor of the conversation to-day was of a character to indicate very clear that the duty of this government lies in the abrogation of our extradition treaty with Great Britain, though this depends upon the British note in reply to the next dispatch from the secretary of State to Earl Derby.

The condition of affairs in Louisiana was also the subject of the attention of the cabinet to-day, though no action was taken beyond what is already known. Mississippi Central road, including Holly Springs, Grenada and Jackson, Miss. We hope, in a few years, to have direct connection with Mayfield, Kentucky, Paris and Columbia, Tennessee, and Huntsville, Alabama.

We find in the last number of the Paris (Tenn.) Intelligences, the following, which shows the feeling now existing there towards Cairo, which feeling should be encouraged by a liberal support on our the cabinet to-day, though no action was the cabinet to-day, the cabinet to-day, though no action was the cabinet to-day, the cabinet to-day was read from Gen. Sherman, and to deep not to deep not to d

net meeting by Assistant Secretary Co-nant. With this exception all the mem-bers were present.

THE LOUISIANA INVESTIGATION. The Committee on on Federal Offices in Louislana met again to-day, and G. A. Ferguson cautinued his testimony in regard to importation of 140,000 eigars. The witness admitted most of his information was derived from other parties. Being asked if he knew anything about fraudulent pay-rolls he declined to answer, as it might criminate himself, but subsequently admitted seeing fraudulent pay-rolls in 1874, and that money was drawn on them. J. M. Wilson appeared as counsel for Collector Casey.

GALVESTON, May 19.—A special to the the News from Fort Worth says: Information just received states that ten men are in pursuit of the stage-robbers, and were only ten minutes behind them, early this morning, on Grayplaine Prairie. From descriptions given, it is supposed they are the James brothers. The entire country is aroused, and their eapture is considered certain. The Texas Highwayman
